*1: Due to the limited availability of the products in stock, shipping will end when the stock is out.

3. Repair Service Period

Product Name	Repair Service Period *2
SP-5B40	May 31, 2024
CFast (16GB, MLC) for System Card	No Service

*2: It might not be able to repair these products when replacement parts become unavailable, regardless

of the maintenance period.

4. Notes

[Migration]

Migration from SP-5B40 to SP-5B41 is almost upper compatibility, except CFast card (OS image).

- 16GB CFast card (OS image) for SP-5B40 cannot be used for SP-5B41
- Therefore, customers need to setup their applications on 32GB CFast card (OS image) for SP-5B41.
- For more details, please refer to migration information on Web.
